OUT SOURCE WITH CONFIDENCE

ABOUT US

RTE Snacks is the major module of Make More, a Limited Liability Company based in the New Cairo Industrial Zone that was founded in 2018. RTE Snacks specializes in manufacturing nutritious snacks, with an emphasis on oat and cereal-based goods. The operation was entirely focused on business-to-business as a sole sales channel where we have completed business with customers including Second Cup, Bread-Fast, Stamina, Anti-Fat & Lavish. Our offerings include a wide range of home-grown recipes as well as unique recipe formulation based on the needs of our customers. RTE Snacks additionally provides consulting services to other food processing companies.

OUR PROMISE

We promise our consumers a superior tasty ready to eat fulfilling snack that delivers good nutritional value, including bars, bites, cookies, crackers, granola and others to reach various consumers across a wide array of daily occasions. Our utmost attention is on product's quality and our recipes deliver on a spectrum of attributes including taste, nutritional value, fulfillment and price. In return, we expect our consumers to prioritize our products and reward us with a growing market share.

WE ARE ADAPTABLE

● **CUSTOMIZATION**

RTE has the capabilities and the know how to accommodate to customers needs. We provide unique combinations of ready to eat snacks for those wishing to indulge and enjoy an explosion of taste with our vast range of flavor options to suit all preferences.

● **PREMIUM INGREDIENTS**

We invest in our ingredients to meet our utmost quality, leaving you with a final superior product with premium edge.

● **CLAIMS**

All our ready-to-eat goods can be accommodated to be reformed into gluten-free, sugar-free, or vegan-friendly to meet the needs of all the clients and to provide a conscientious, healthy alternative snack easily accessible to all.

● **INNOVATION**

Ready to eat is built on a strong foundation to strive towards constant improvement and creativity in our production cycle to be able to deliver health alternative tasty options to meet all our customer preferences through constant innovation.

OUR CREATIONS

Our formula creation follows advanced methodologies that are complemented with stellar collaboration and partnership between food and industrial experts that allow us to constantly experiment with new forms and ingredients to offer our customers exceptional flavors that meet consumers expectations while meeting profitability targets.

OUR PROCESS

Our manufacturing philosophy follows a lean approach which enables us to serve our customers with a wide range of variants and with efficient minimum order quantities. Our product offerings include form and size variations following our **custom creation** methodology that adopts our modular concept for formula creation. Ready To Eat Snacks has the technological capabilities of **chocolate enrobing** and **flow packaging**.

The final product packaging is defined on case-by-case basis with our customers depending on their needs.

GRANOLA BARS

This enjoyably chewy snack is made with quality ingredients that have been carefully selected in our handcrafted granola bars that are high in nutritional value and fulfillment. Our diverse selection of products allow us to tailor product claims to the customer's nutritional requirements. Our granola bars are specially designed to give you the energy and satisfaction you need to go all out in your workout and day-to-day activities. You can sate your hunger with a healthy, guilt-free snack. Our recipes meet a variety of criteria, including flavor, nutritional content, convenience, and cost, and we pay special attention to product quality.
